

MEMORIAL MESSAGE

WHAT COULD YOU ACHIEVE
THROUGH THE NDIS
THAT IS NO LONGER
POSSIBLE BECAUSE
OF THE CHANGES TO
NDIS?

Gone so soon... RIP 
Lex²⁵

Requiem for a dream Australia
is poorer for the loss of the vision
for the NDIS. Let's aspire to bringing
it back

NDIS 1.0 will be missed
by its participants, it
gave us better quality of
life. We will remember you.

1 DONT LET THE
SPIN DO YOU IN!
IT'S time to fight for disabled
better lives for people

FIGHT AS HARD AS YOU CAN
FOR THE ONES FIGHTING FOR
THEIR LIVES

no one is less deserving of autonomy
let people live how they want to live

DISABILITY
FOREVER!

Stop harming people who
should be supported
Today's NDIS is a
bureaucratic catastrophe

RIP NDIS

Survival is only
possible with support.
Nobody should be
left behind !!!

take 12 months

Why can't people use
mainstream services
for things they can't do.
eg my friend can't wash
her own hair. NDIS wait
pay for 1x weekly trip to
the hairdresser for a
shampoo. Instead she
must get naked in front
of a support worker to
wash her hair. Many
ordinary mainstream
services would help but
NDIS insists on using
segregated services.

5 years into the
COVID Pandemic

how can the government
be doing this??

People with ME/CFS, Fibromyalgia,
and Long Covid are calling
for **EQUITABLE ACCESS**
TO AND WITHIN THE
NDIS.

Blaming disabled
people for the NDIS
spending too much
money is gaslighting!
The NDISA, the Support
Providers + Support
Co-ordinators waste
\$000000 much money!
Cutting the NDIS is
eugenics against the
disability community!

If we can't give everyone
a dignified + fulfilling life,
we are failing ourselves and
our communities. Stop making
us assimilate and see us as
the people we are. No stopping
until every single person receives
the care and support they deserve.

I hate that I believe
that my worst mistake/regret
in my life was joining
the NDIS.

But my impairment/disability
Life is much worse than
it was under the awful
system of state block
funding.

DISABILITY
FOREVER
